

Clarion County Republican Precinct Committeeperson

The office of Clarion County Republican Precinct Committeeperson is up this election cycle. They are considered the grassroots of the party, and determine who leads the local party

What is a Precinct? A precinct is the smallest political unit in the country. Each precinct corresponds to one polling place where the residents of that precinct will go to vote and it is at the precinct level where elections are won or lost. Most importantly, the precinct is YOUR neighborhood. You know the people, the schools, and the community centers. You understand the problems, can relate to the concerns, and have a desire to improve your neighborhood and precinct!

The precinct is the most important voting and organizational unit within Republican Party! Do not underestimate the value and importance of the Precinct Committee Person. It is these committee persons actively working with the Republican Party who win elections at the local, state, and national level. A committee person is an elected official of the Republican Party. Each voting precinct can have up to **two** committee people elected by the Republican voters of that precinct every four years and there are **40** voting precincts in Clarion County.

With the importance of the upcoming 2020 elections the Clarion County Republican Committee desires to insure that every voting precinct is represented with Committeepersons.
